

ENVIRONMENTAL POLICY

N H Etheridge (Building) Limited, are a Sub Contract Carpentry company working for Principal Construction Companies (our clients). In conjunction with our clients we recognise that the construction industry has a direct impact on the environment and we are committed to minimising or eliminating any negative risk we pose.

Our environmental risks are:

- Waste from site and office.
- CO2 emissions from company vehicles used for business purposes
- Energy resources for site and office operations.
- Noise and Dust pollution.

Our commitment is to:

- Comply with Principal Contractor's environmental policies on site and other drivers.
- Maintain and continually improve our environmental performance.
- Be fully compliant with all relevant legislation.
- Use recycled or recyclable materials where possible.
- Informing client of environmental friendly alternatives in the supply of materials.
- Encourage our suppliers to source materials from sustainable resources.
- Minimise Noise and Dust pollution by sourcing our on site equipment from manufacturers implementing tools that reduce this aspect of pollution.

It is a condition for all employees and sub contract labour to comply with our environmental policy in carrying out their duties.

It is the responsibility of our Company Directors to manage and monitor the success of this policy which will be reviewed annually.

Norman Etheridge  Managing Director

Steve Etheridge  Contracts Director

Philip Benning  Commercial Director
